Climate change is a global threat that requires immediate action. We need to reduce greenhouse gas emissions and transition to clean energy sources. This is not just an environmental issue, but also a matter of public health and economic stability.

The world's population is growing rapidly, and we need to find sustainable ways to feed and shelter everyone. This requires innovation in agriculture and urban planning.

Technology is advancing at an incredible pace, and it has the potential to solve many of our most pressing problems. However, we must ensure that these advancements are used responsibly and for the benefit of all.

An anonymous buyer paid \$2 million for a never-opened copy of Super Mario Bros., according to Collectible Site Rally. First reported by the New York Times, the sale price of the 1985 game broke a record that was set less than a month ago, when a sealed copy of Super Mario 64 went for \$1.56 million at auction.

Unopened copy of Super Mario Bros. sells for a record \$2 million.
