In the past century, Dracula has been situated as a piece of Gothic fiction. Modern scholars explore the novel within its historical context the Victorian era and discuss its depiction of gender roles, sexuality, and race.

[Dracula - Wikipedia](#) : wiki : Dracula

The vampire might represent the most powerful and prolific influence of Gothic fiction on popular culture. A word of Slavonic origin, 'vampire' is a term describing a preternatural being of a malignant nature (or a reanimated corpse) who seeks nourishment and causes bodily harm by sucking the blood of the living.
