O gênero de RPG começou a ser desenvolvido em meados da década de 1970, como uma ramificação dos jogos de computador baseados em texto, mainframe e das universidades no PDP-10 ou computadores

baseados do Unix - com Dungeons

que são de RPG com jogos chamados de ARGOS

From everything I've seen, the issue basically

comes down to a combination of licensing problems, content restrictions,

and willingness. The long and short of it is that many people

see GoldenEye 007 as a time capsule that has proven to be especially difficult to

dig up and preserve.
