The enjoyment that some people get from fe

ar is likely not from fear itself. Instead, thrills stem #128522; from the p

hysical and emotional release that follows scary situations, according to Seek

er, a division of Discovery. For #128522; some horror fans, the de

sire to feel fear is a manifestation of an adrenaline-seeking personality

So #128522; why do we like it? It is a

combination of an adrenaline rush and an opportunity to learn about dealing #12

8522; with scary situations in a safe environment, researchers say. Clasen and

his colleagues identified three broad types of horror fans: #128522; adrenal

ine junkies, white knucklers and dark copers. </div></div>
