gging for in more than two months to ride the wave; then there's something wrong with it;

The first deshting you'll need from master is comlysing e balancing

on a marboard-

at could take it "be weens half an hour and two or three doses fanted

take weeks, months and

even years; to be able to consistently catch good

She's been assigned a new patient, Laura

(the PhD student), who is in a state of

apparent psychosis.

Laura has been seeing haunting

of random people smiling, extra wide, yet insists she's not crazy. She soon becomes possessed, smiling that garish smile she fears most.

Happy Face: The Portrayal of Trauma and Mental Illness in

Smile
