<p>Minecraft Classic is an online version of the famous open-world sandbox  
building game. It is a remake of the original Minecraft and was released for  
its 10th anniversary by the developer Mojang. In the game, players can build in  
creative mode using 32 available blocks. The game has a multiplayer feature  
so you can play with up to 8 friends.</p>  
<p>History</p>  
<p>Minecraft was first released to the public on 17 May 2009. Today it  
is published in the exact state of its initial release. This means that there  
are only 32 blocks that you can build with, and all the original bugs are in  
there! So if you are used to the latest version, it can be quite a shock to see  
how the game has evolved. To quote Tom Stone from Mojang "With just 32  
blocks to build with, all the original bugs, and an (inter)face only a mother  
could love, Minecraft 2009 is even more glorious than we remembered!"</p>
