&lt;p&gt;&lt;/p&gt;&lt;p&gt;Football corners predictions is one of the fairly ne  
w tips offered by tipsters and by us. Some say it&#39;s luck &#128200; predicti  
ng corners in a football game, but we at AFootballReport find in corners very pr  
ofitable markets especially in live events &#128200; when odds go very high as  
the game evolves.So how do we predict corners? Of course as any other football &  
#128200; prediction and corners are related to a number of pre-match and team f  
actors. First of all we should see the &#128200; type of game we&#39;re looking  
for or the type of game we want to predict. Is it a game with &#128200; a stro  
ng favorite or just two equally strengthen teams that play. If it&#39;s a game w  
ith a strong favorite probably &#128200; we should pay attention to the corners  
race predictions as strong favorites always keep the ball in possession more th  
an &#128200; the other teams and create more chances as they push forward almos  
t during the whole game. Keep in mind in &#128200; live events that if the scor  
e is in favor of the favorite team then this team would not be so &#128200; mot  
ivated to create chances and would probably win less corners than in a draw even  
t or from behind.&lt;/p&gt;  
&lt;p&gt;Second thing we &#128200; should use when making our corners tips is t  
o see the teams lineups and tactic for the upcoming game. Target &#128200; tea  
ms with more offensive tactics and teams that use wingers heavily in their attac  
ks. For example, some good wingers for &#128200; the home team could easily pro  
duce more than 10-20 crosses in the penalty area which very often defenders clea  
r in &#128200; corners.&lt;/p&gt;  
&lt;p&gt;Corners in the late stage of the game are more likely to happen than in  
the early minutes. Usually teams &#128200; are very careful in the opening min  
utes of a football game and they try to enter the game more passively &#128200;  
than aggressively. As the game continues depending on whether a team is losing  
or winning the game is leading to &#128200; pushing forward and sending more pl  
ayers to attack or defend. This leads to significantly increasing the number of  
corners in &#128200; the last minutes and that is what we want when predicting  
corners &lt;/p&gt;
