Poipet (Khmer: [paojpaset]) is a boom town on the Cambodian border, no longer just a provincial town of Banteay Meanchey! It's a key passage between the provinces and is also extremely popular as a game destination.

It's primarily illegal gambling, and it's very intense and frightening, especially considering that a 6-year-old boy is frequently in peril. There are nightmare sequences, knives, stabbing, and some blood and gore.

Though it's a very well-made movie with strong characters and emotionally resonant situations, it can be very intense and frightening, especially considering that a 6-year-old boy is frequently in peril. There are nightmare sequences, knives, stabbing, and some blood and gore.

The Babadook Movie Review | Common Sense Media

This movie explores the more disturbing and realistic side of the genre, it's as scary as any other movie for sure. It's psychological horror at its finest.

When a movie can do that, it has done its job. Reviews: The Babadook - IMDb
