I've always thought the scariest parts of those

games were the first 30 minutes and then no moment after. On the contrary,

Silent Hill 2 makes you wallow in silence and dread so that by the time

it finally breaks in its final third, and the whole thing becomes a cacophonous

nightmare, the sound is overwhelming.

Silen

t Hill 2 is often considered more depressing than other games in th

e Silent Hill series due to its deeply introspective and psychologically complex

narrative.
