Polytheistic peoples from many cultures have postulated a thunder god, the personification or source of the forces of thunder and lightning; a lightning god does not have a typical depiction, and will vary based on the culture. In Indo-European cultures, the thunder god is frequently known as the chief or King of the Gods, e.g. Indra in Hinduism, Zeus in Greek mythology, and Perun in ancient Slavic religion.

Mediterranean [edit]
Kidlat (Tagalog mythology) [8]
The Hindu God Indra was the chief deity and at his prime during the Vedic period, where he was considered to be the supreme God.[24][25] Indra was initially recorded in the Rigveda, the first of the religious scriptures that comprise the Vedas.[26] Indra continued to play a prominent role throughout the evolution of Hinduism and played a pivotal role in the two Sanskrit epics that comprise the Itihasas, appearing in both the Ramayana and Mahabharata. Although the importance of Indra has since been subsided in favor of other Gods in contemporary Hinduism, he is still venerated and worshipped.
