It is said that roughly 42% of horror a

udiences are women, with 58% being men. Horror films tend to intert

wine with thrillers in the way that viewers seek out a certain thrill/scare by d

iving into a world which isn't their own.

People Who Seek Sensations

People high in this trait tend

to experience positive emotions when they have intensely stimulating experiences

, even if those experiences are negative. High sensation seekers are wired to en

joy the stimulating experience of horror films in a way people low in this trait

are not.
