ther. There are ways to ensure victory, such as getting into a low position where you can search for weaknesses. The search for weaknesses is a key concept in the philosophy of Sun Tzu's *The Art of War*. In the context of sports, this philosophy is often used to describe a strategy of attacking the opponent's weaknesses. In the case of the 2010 World Cup, the search for weaknesses was a key factor in the success of the Brazilian team. The team's coach, Dunga, was known for his tactical acumen and his ability to identify and exploit the weaknesses of his opponents. This was evident in the team's performance in the tournament, where they defeated several strong teams, including the Netherlands and France. The search for weaknesses was also a key factor in the team's success in the final, where they defeated the Netherlands 1-0.
